

Week beginning 3<sup>rd</sup> June

Welcome back, we hope you had a lovely half term and that you are ready for the next exciting and busy half term!

Maths

We split into 3 different groups, some of us worked on our number bonds to 10 and 20, others worked on place value, looking at individual numbers and identifying how many tens and ones there are and whether they were bigger or smaller than other numbers. Whilst another group worked on problem solving.

English

At the beginning of the week we wrote a letter to Mrs Douglass and Mrs Hughes explaining about a journey we had taken in half term. We had to use informative and descriptive language. It sounds like you all had an exciting half term!

Towards the end of the week we revisited a piece of writing that had been written in October. We had to edit our work in preparation for rewriting Jack and the Beanstalk next week. What a huge difference we noticed in our writing ability!

PE

We spent the time practising for our sports day.

Geography

We learnt about the compass points and then looked at a bird's eye view of Stubbington and planned a route from school to the beach.

## History

On Thursday we learnt about D-Day. We watched a PowerPoint and various clips showing why it's important to remember. We watched an interview with a veteran called Harry Billinge and then wrote a letter to Harry thanking him for his service to our country.

## Fire Service

On Friday the Fire Service came. A lady came to talk to us about fire safety and we learnt about the emergency services, what to do in an emergency and who to call. One of the Badgers and Owls demonstrated how to call 999 and ask for the fire service, giving her address correctly and clearly.

The lady demonstrated how to check a smoke alarm and the children learnt about Test it Tuesday and how we should encourage our adults to test the smoke alarm every week. A child from each class had the opportunity to dress up and then see how quickly they could remove the uniform.

Today your child will be bringing a sheet home to colour and fill in, and keep at home, it's stressing the importance of knowing their home address.

Our treat this week was Investigation time - well done everyone for working hard this week.
