

Our Curriculum Intent

At Crofton Hammond Infant School we provide a curriculum for our children which:

Is ambitious for all

Builds on prior learning and leads to future learning

Is responsive to the interests of the children and current events

Gives children opportunities to take part in whole school projects

Is creative and engaging and so promotes good learning behaviours

Encourages children to ask questions

Helps all children to become 'Crofton Hammond Learners'

Our Curriculum Implementation

At Crofton Hammond Infant School our curriculum is delivered through:

Engaging topics which build on what children have learned before

An understanding of the key knowledge and skills needed in each curriculum area

Knowing the progression of learning - what children have learned before and what they need to learn next

Opportunities to revisit and deepen their learning

An inclusive environment where everyone is valued and has the same opportunities

An environment which is nurturing and supportive

Ensuring positive relationships exist between all members of the school community

Providing the correct, rich vocabulary needed to support learning

Learning which takes place inside and outside of the classroom

Our Curriculum Impact

The curriculum that we deliver ensures that our children:

Are Crofton Hammond Learners - they are curious, adventurous, caring, ambitious
and unique

Feel valued, safe and listened to

Have equal opportunities to succeed

Show kindness and respect to others

Develop resilience and understand that they can learn from their mistakes

Have good behaviour for learning

Are successful and engaged learners who achieve strong outcomes
